ABOUT ME

Motivated Computer Science professional with a working knowledge of web development technologies including HTML, CSS, JavaScript, React, Express.js, and MongoDB. Proficient in Python, Object-Oriented Programming (OOP), and Data Structures & Algorithms (DSA). Familiar with core Natural Language Processing (NLP) concepts and their practical applications. Passionate about building efficient, user-friendly applications and continuously learning new technologies to strengthen problem-solving and development skills.

EDUCATION

2022 - Present

University of Central
Punjab

Bachelors in Computer Science

CGPA: 3.77

Specialization: Web Development

2016 - 2020

BISE Lahore

Intermediate in Computer Science

Studied Intermediate in Computer Science (ICS) with emphasis on core computer science concepts.

EXPERIENCE

July 2025 - Oct 2025

Digitech Offerings

MERN Stack Internee

Worked as a MERN Stack Intern, gaining hands-on experience in building web applications using MongoDB, Express.js, React, and Node.js.

2025 - 2026

University of Central
Punjab

Teaching Assistant At Ucp

- **Object-Oriented Programming (OOP):** Guided students in OOP concepts and practical coding.
- **Programming Fundamentals (PF):** Assisted with basic programming concepts and exercises.

SKILLS

Technical Skills: Code Debugging, Data Structures, Problem Solving, Deep diving in coding concepts and Self Learning

Languages: HTML, CSS, JS, React JS, C++, Python.

Certifications: CodeRush Programming Competition, Speed Up Programming Competition and Ucp Science FEST Organizer.
